DESCRIPTION AND PURPOSE OF ITEM

This item is a description of the structure location as it appears on the General Highway Map. It is used to assist in locating the structure in the field or from the office. This description should be keyed to distinguishable map features such as route junctions, Rural Reference Coordinates, township - range sections, street names, rivers, railroads, etc. Reference to features that are known primarily only in the locality of the structure (e.g. "Jones Corner") should be avoided in the location description.

Local agency structures in rural areas on roads not numbered on the General Highway Map (i.e. Township Roads) in counties where the "Rural Reference Coordinates" grid system is used, should use that system in the location description. As an alternative, the relative location within a given section number of a township and range may be used.

CODE AND SCREEN ENTRY INSTRUCTIONS

A 20-digit field, left justified, including letters, numbers, special characters and spaces. All unused spaces are to be left blank.

Abbreviations may be made as long as they are not ambiguous. Punctuation can be omitted if not needed for clarity.

EXAMPLES:

- 1). A structure on U.S. Route 30 crosses Pisgah Creek 1.5 miles west of the intersection with Ill. Route 7:

(Item 9)-LOCATION DESCRIPTION: 1.5 MI W ILL 7

- 2). A structure on a township road in Coles County 11.00 miles north and 14.25 miles west of the origin (000N,000E) of the county's Rural Reference Coordinates grid system:

(Item 9)-LOCATION DESCRIPTION: 1100N 1425W
